I the undersigned declare:

- I have third party insurance with a minimum of £1,000,000 cover, as required by Hickling Windsurfing Club (HWC) Rules.
- I recognise that windsurfing is an activity in which there is a risk of personal injury or death. I am aware of and accept these risks and take responsibility for my own actions and involvement, and accept that HWC cannot be responsible for members' (or their guests) safety.
- I recognise that as the facilities at Hickling Broad are available to the members at all times it is not possible for HWC to offer any safety cover. I understand members are responsible for making the decision to sail based on their own assessment of their abilities and the prevailing conditions. I confirm I have read the club's Risk Assessment for Hickling Broad (available on the club website at www.hicklingbroad.co.uk or by request from the Membership Secretary).

- In the case of members under the age of 18 I understand that as a parent or guardian my consent is required for membership of the club. I acknowledge that parents and guardians are warned that the club does not provide rescue facilities, that as a parent or guardian I must have sole responsibility for my children and wards at all times by being on-site and present and I appreciate that the club cannot be expected to exercise supervision or control. Finally, I confirm I have read and understood HWC's Child Protection Policy (available on the club website or by request from the Membership Secretary).
