## **COME AND TRY DAY**

**SATURDAY 19th JUNE**  
**10.00AM - 3.30PM**

The Come and Try Day is the most important event of the year as it gives us the opportunity to promote our club by introducing others to windsurfing and ultimately to increasing our membership. We would be grateful if you could help by finding a suitable place for the poster enclosed and persuading friends, family and work mates to come along and try your sport. The cost is five pounds which includes simulator instruction, half an hour one to one tuition, hot drinks and refreshments. Volunteers are needed to help on the day especially with instruction on the water. If you can spare a couple of hours or more during the day please inform a committee member asap. We also urgently need use of your old wetsuits for the day. Clearly mark any suits with your name if you wish them to be returned and if you cannot attend on the day leave them in the old hut before the 19th.

*We are sorry but due to the difficulty in overseeing this event and overall concerns for safety, windsurfing from the beach will be prohibited for the duration of the event.*

## **SKILLS TRAINING SESSIONS**

**SATURDAY 17th JULY**

Whether you are a novice, intermediate or advanced windsurfer Gareth is again willing to improve your skills with detailed instruction and advice. If you wish to better your ability in any area of windsurfing then do come along and discuss it with Big G. Please be rigged and ready for a start time of 11.00am.

Mike off to the point.

## **WINDSURFING 4 CANCER RESEARCH**

**SUNRISE TO SUNSET 2010**

**SUNDAY 2nd MAY**

Eleven club members registered for the W4CR, sunrise to sunset fundraising event and if you haven't already done so you can still make a donation online [www.W4CR.org](http://www.W4CR.org) or contact me for a Just Giving envelope. Convincing my friends to pledge money for me to take part in something I do almost all the year round took some persuading. I promised to sail for at least ten minutes or more every hour throughout the day little knowing how difficult it would turn out to be.

The conditions were so cold that I was unable to assemble all the entrants or steady my hands long enough for a mass photo shoot. I will name them instead as they all deserve recognition for their commitment to the cause.

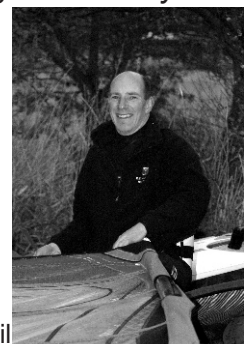

Philip first away.

Thankfully John and I had set up a gazebo/wind break the day before as light rain and gusty (20kt) wind conditions from the north east welcomed us
