

Please note the new condition No.9 of the club's **Code of Practice.**

An imaginary no go area, roughly the size of a football penalty box, would be sufficient enough to help provide safer access to the water for beginners as well as incoming windsurfers during the busier summer months.

### **BEN IN BRAZIL K833**

Ben Harwood spent two months at the end of last year in Jericoacoara the winter Mecca for windsurfing. It was 4.2 weather everyday with perfect small waves for riding and jumping. He had the opportunity to windsurf with and get tips from the worlds' best. Ben describes his trip as a fantastic experience that he would definitely recommend to all of us.

### **COMMITTEE CHANGES**

Tony Myhill has stood down as club Chairman after eleven years 'in the chair' but wishes to continue to serve on the committee. His local knowledge and enthusiasm for our sport has seen the club go from strength to strength over the past twenty five years. I am sure you will all agree that we owe Tony sincere thanks for all he has done for our club.

Dave Black is now Club Chairman and Philip Peaston has taken on the position of membership secretary.

We welcome Darren Knights as a new committee member. Darren sails an AHD GT 75 and F2 Stoke but not at the same time. He is encouraging his two children to take up the sport which he has returned to after a long

absence. Darren was one of those pioneers who sailed from the original beach between the pub and the sailing club many years ago.
