"PLEASE DO NOT SEND CASH"!

I the undersigned declare:

- I have third party insurance with a minimum of £1,000,000 cover when using my own kit. (Note: Separate insurance is not required if just using kit provided by the Club, as Club Boards carry separate insurance).
- I recognise that windsurfing is an activity in which there is a risk of personal injury or death. I am aware of and accept these risks and take responsibility for my own health, safety, actions and involvement, and accept that HWC cannot be responsible for members' (or their guests) safety.
- I recognise it is not possible for HWC to offer any safety cover. I understand members are responsible for making the decision to sail based on their own assessment of their health, abilities and the prevailing conditions. I confirm I have read the club's Risk Assessment for Hickling Broad.
- I understand HWC collects the minimum amount of personal data to administer and promote the club and complies with data protection legislation in doing so. On occasions at organised club events where photographs may be taken, I consent to being included in such photography unless I specifically "opt out" when signing in to the event itself, (children will never be included as single images in club photography without express written parental or guardian consent). I confirm I have read the club's Data Protection Policy.
- I confirm I have read and understood HWC's Child Protection Policy.

Signed..... **Date**.....

- In the case of members under the age of 18 I understand that as a parent or guardian my consent is required for membership of the club. I acknowledge that parents and guardians are warned that the club does not provide rescue facilities, that as a parent or guardian I must have sole responsibility for my children and wards at all times by being on-site and present and I appreciate that the club cannot be expected to exercise supervision or control. In the case of minding children for other parents then I can confirm the Childs parents/guardian have given approval for the Child in my care, can participate in windsurfing, are aware of the risks, and that the Club does not provide safety cover.

(All Assessments and Policies are available on the club website at www.hicklingbroad.co.uk or by request from the Membership Secretary).
